

ATTN: RESIDENT

Alarm permits expire every year on December 31<sup>st</sup>. It will be your responsibility to renew your permit at the end of every year. You do not need to fill out a new permit each year, unless any of the information you provided has changed. You can either drop off or mail in the \$5.00 to the below listed address. If we do not receive your renewal fee by mid-January of the new calendar year, a renewal notice will be sent out.

Take note that you are allowed 5 false burglar alarms and 5 false fire alarms per calendar year. Upon the 6<sup>th</sup> false burglar alarm, the City starts charging \$25 for each subsequent false burglar alarm call. Upon the 6<sup>th</sup> false fire alarm, the City starts charging \$50 for each subsequent false fire alarm call. ***Robbery or hold-up alarms are \$100 each.*** The calendar year begins January 1<sup>st</sup> and ends December 31<sup>st</sup>.

Permit holders are notified by mail when they start approaching 5 false burglar or fire alarms. This is done as a courtesy and in hopes that extra measures are taken in the future by the permit holders to try to reduce the number of false alarms at their location.

Please be sure to train anyone who has access to your alarm system on how to use it. A majority of false alarms are the result of human error (i.e.: forgetting and entering wrong codes and accidental set-offs). Also, anytime your alarm company works on your alarm system or tests it, be sure to contact Dispatch at (210) 653-0033 to let them know not to send an officer to your home during that time frame. This should help reduce the rate of false alarms.
